

Bingo

- One person needs to be the Bingo caller. Their job will be to call out each of the numbers on the Bingo Caller Card and cross them off the Bingo Caller Card once they have read them out.
- Everyone else playing should have a Bingo game card. If one of the numbers on your sheet is called out, mark it with an x.
- When you get 5 in a row either horizontal, vertical, or diagonal, shout out bingo!
- Your bingo caller will check your numbers to make sure that you have them all.
